**CTY Talent Search: Grades 7-8**  
SAT Test Date: **June 4, 2011**

*A+ Educational Centers will prepare  
your child to excel on the SAT  
Exam!*

*Is your child bright and hard working? Do you want your child to get into school of choice for college? If yes, then CTY Talent Search may be the right decision to strive for.*

CTY, at Johns Hopkins University, world leader in gifted education, conducts national and international talent searches to identify, assess, and recognize outstanding academic talent. For over 30 years, CTY has helped talent soar among the world's brightest young people. Through the Talent Search, high-performing students take a test designed for older students. This above-grade-level testing can reveal more about the academic talents of students who are topping out on grade-level tests.

How can my child be selected to participate?

A+ Educational Centers will nominate students who exhibit outstanding academic talent to participate in the annual CTY Talent Search. The nominations are based on any of the following criteria:

- Achievement at the 95th percentile or higher on one or more areas of a nationally normed standardized test
- Achievement at advanced levels on state tests, designated as scoring in categories such as advanced proficiency, distinguished, honors, or gifted
- Demonstration of superior academic performance

Talent Search benefits, now and lasting...

Enroll your child in the A+ CTY Talent Search Prep. to receive the following benefits, and more!

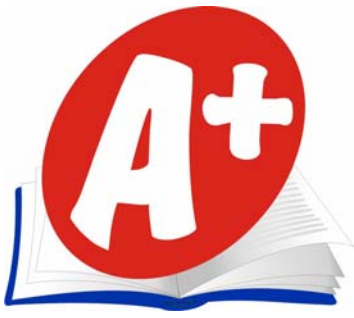

- **Assess a student's high academic talents** and/or reveal previously unrecognized abilities
- Receive information on your child's mathematical and verbal reasoning abilities
- Be recognized by **The Johns Hopkins University** for academic excellence via certificates (and awards ceremonies if qualified) – **1<sup>st</sup> major accomplishment to list on their “college resume”**
- Receive email news items for gifted students and their families, as well as updates on CTY's programs
- Gain access to CTY's rewarding Family Academic Programs for grades 2-12
- Potentially qualify for hundreds of courses offered by CTY for grades 2-12
- Access to MyCTY for online resources available exclusively for Talent Search participants/parents
- **Get a head start over your peers to prepare for the SAT and do much better when you take the SAT to get into college in high school!**

Students who score at or above the following levels will receive a Certificate of High Honors. Students in select states will be invited to a CTY Awards Ceremony where they can receive these certificates on stage.

Grade 7  $\geq$  550 SAT-M or 550 SAT-CR

Grade 8  $\geq$  600 SAT-M or 600

**WANTED: SMART 7<sup>th</sup> and 8<sup>th</sup> graders!**

(Space is limited! Please call (310) 457-7657 to register today or fax form below!)

EXPERT SAT Instruction is now available for the June SAT Test for highly able, gifted (7<sup>th</sup>-8<sup>th</sup> grade) students, who are not afraid to take on the challenge of studying for and taking a high-school level exam while still attending middle school. The Johns Hopkins University Center for Talented Youth recognizes children with above-average abilities and exceptional mathematical and/or verbal reasoning skills. "The top three percent of students nationwide, who have taken standardized tests, are eligible to take part in the world-renowned CTY Talent Search."

A+ has been recognized for doing an excellent job helping students excel for over 25 years. Participants learn how the test is designed, types of questions, guessing strategies, how the scoring works, etc. They raise scores by studying specific "hot vocabulary" lists and focusing on "vital math" questions and "logic strategies." Lots of practice with actual "grammar questions" and "essay topics" assure the best results now and in the future! Our popular MOCK exams provide essential practice to improve scores! *Instructor: Jennifer Valdman, M. Ed., a Test Prep. Expert with over 25 years of experience preparing students for the SATs/GRE/CBEST/ISEE/LSAT, etc! Performing Arts Programs are taught by experts with many years of teaching experience.*

**As many parents AND educators have said over the years:**

**"These classes provide an academically life-changing experience for all children!"**
